

Employer eServices Customer Reporting Report Manipulation

When you manipulate results, you change the way data is presented in your report grid without having to reproduce the report against the data warehouse.

Your report maintains all the manipulation you perform if you export it, print it or save it to My Reports.

Task	Step	Action
Move	1	To move a column to the left, click  to shift the left or  to shift the column to the right.
	OR	
	1	To move an attribute up in the column header, click  to shift up or  to shift the attribute down the columns of your report.
